

Brown Clubs

Head Back to Class with Brown Faculty

How to secure a faculty speaker for your next club event.

The Brown Alumni Association offers alumni the chance to relive the student experience through Back to Class with Brown Faculty (BTC) events. **These programs take you back into the classroom with active scholars on the cutting edge of fascinating topics.** Enjoy this uniquely Brown experience with faculty and your fellow alumni!

Requesting a faculty speaker

1. Fill out a [request form](#) at least three months in advance of your event.
 2. AR staff will contact the faculty member on your behalf and continue to serve as the contact between the club and the faculty member.
 3. For more best practices for running a **Back to Class** event, visit the “[How to Secure a Faculty Speaker](#)” portion of the Brown Club Leader Toolkit pdf (page 16).

Examples of past events

Exploration of Mars: Seeking Signs of Life

John "Jack" Mustard SCM'86, PhD '90, a planetary geologist at Brown University, is a professor in the departments of Environmental Studies and Earth, Environmental and Planetary Sciences speaks to the Brown Club of San Diego.

Modern Computer Science: Perspectives from Brown

Computer Science Professor Ugur Cetintemel joined the Brown Club of Central New Jersey to offer answers to questions with a unique Brown perspective such as: Why should everyone learn computational and data-centric thinking and problem solving? What are the big challenges and opportunities in computer science research and education?
