A Letter from the President of the Brown Sports Foundation

Paula McNamara ’84

Dear BUSF Supporters;

I am very pleased to share the following results from this past year. The Brown Sports Foundation raised $22 million in new gifts and pledges in FY’16 for Athletics with $3.58 million toward our annual goal. Overall participation was up 3.9 percent. It takes a remarkable amount of volunteer and staff time to bring home this level of support. You inspire me in my role as the president of the Sports Foundation, and I am grateful for your partnership.

Of particular note this year is the great progress that has been made on the Olney-Margolies Athletic Center renovation project. As of August 17th, the project had raised more than $8.5 million toward a $12 million goal. We still have more to accomplish but enough has been raised to begin the first phase of the project in December 2016. I want to give a special shout-out to Jerry Massa ’77, George Pyne ’88, and Dick Dresdale ’78 for leading this project.

I also wanted you to know that Davies Bisset ’85 has agreed to take on a new role within Advancement as Senior Major Gifts Officer. With the BrownTogether Campaign gaining momentum, Davies will focus on a portfolio of alumni and parents with philanthropic interest across all of the University’s priorities. He will continue to be a key advocate for athletics initiatives as his fundraising portfolio grows.

Davies has been instrumental over the past five years in increasing the support and visibility of Brown Athletics and has spearheaded a number of facility and endowment projects. He was a key contributor to the Nelson Fitness Center, the men’s and women’s lacrosse locker rooms, the Pizzitola Training Room expansion, and the basketball media and locker rooms, and he organized funding for the new baseball and softball field complex. Davies will continue to partner with various athletics alumni and will always be committed to our cause. Please reach out to him and thank him for his good service to the Sports Foundation when you have a chance.

The Development Office is already deep into the search for a new director of the Foundation. Jack Hayes and I will be participating in the search. My hope is by early September, I will have news about the new director.

Thank you again for your involvement and support. I look forward to a great year ahead.

In appreciation,

Paula

Athletics Facility Upgrades

As a result of your generous donations, we are in the process of upgrading several of our athletics facilities. We feel these improvements will greatly enhance the experience of our student-athletes and increase our ability to recruit high-quality student-athletes. Thank you!

The Olney-Margolies Athletic Center Project

The OMAC Project will provide expanded locker rooms, athletic training areas, team meeting space, a multimedia room and new office space for our football program. Thanks to the multimillion dollar gift from John Berylsn '75 and generous gifts from many other donors we have now raised $8.5 million of the $12 million necessary for the project, and the university has hired architect David Piscuskas '79 of 1100 Architect to lead the design. Construction will begin December 2016. Renderings will be shown at the Brown/Harvard tailgate. (Naming opportunities still available!)

The Baseball and Softball Complex

Brown Athletics has begun the construction of a new baseball and softball complex, scheduled to open for the 2017 spring seasons. The $5 million project, entirely donor-funded, will feature synthetic turf playing surfaces at both baseball and softball to replace the existing grass fields at the same location of the Erickson Athletic Complex.

Pizzitola Locker Room Project

Over the past few years Brown Athletics has taken on the task of renovating locker rooms in the Pizzitola Fieldhouse. By September, locker rooms for men’s and women’s basketball, men’s and women’s lacrosse, wrestling and volleyball will have been completed. Not only will this improve the overall experience for our student-athletes but this project will have significant impact on our recruiting efforts.
Stevenson-Pincince Field Press Box

Brown Athletics is currently undertaking a long-overdue project to replace and enhance the press box at Stevenson-Pincince Field. When completed, this renovation will materially and positively affect the overall experience of Brown soccer and lacrosse fans, whether watching from the stands or watching on the Ivy League Digital Network (ILDN). In addition to the aesthetic improvements, the most powerful outcome will be the significant enhancements to the production quality of Brown games seen through live streaming and on the ILDN. Not only will fans enjoy an upgraded viewing experience from expanded camera angles, but the enlarged footprint of the new press box also allows for game technicians, camera operators and athletic communications staff to cover and report the games more efficiently. This project should be complete before the spring of 2017.

Golf Training Facility

Brown Athletics recently completed a state-of-the-art indoor golf facility located in the Olney-Margolies Athletic Center that is utilized by both the men's and women's golf teams and available for the Brown student body and faculty and staff.

Sailing Center

After a devastating fire in 2011, our sailing team was left without a facility. Brown Athletics has partnered with the Edgewood Yacht Club to build a new sailing center. Pilings are more than halfway completed at this point and great progress is being made. The project should be completed sometime in 2017. The new Brown Sailing Facility will be on the top floor of the building, providing a spectacular view of Narragansett Bay for our sailors and spectators from an impressive viewing deck. It will include a classroom, men's and women's locker rooms with laundry and showers, a trophy section, kitchenette, coaches' office, and a small elevator. The facility will have new docks for additional boat storage space for a second fleet of 18 Flying Junior racing dinghies. The new facility will provide the Brown Sailing Team with one of the best homes in all of college sailing and an impressive recruiting tool.
Brown at the Olympics

Brown Athletics sent four athletes and two coaches to the 2016 Rio Summer Olympics! Brown University alumna Tessa Gobbo ’13 won a gold medal with U.S. Rowing’s women’s eight, and Louisa Chafee ’14 finished in eighth place in the Nacra 17 event for U.S. Sailing to cap the Bears’ stay at the Games.
