Explore the Amazon region on river skiffs

Dear Graduates, Parents and Friends of Brown:

Join us for an unforgettable journey to the mysterious Amazon River Basin, where the biodiversity of Earth's largest rainforest ecosystem is coupled with the marvels of awe-inspiring Machu Picchu, the legendary "Lost City of the Incas."

Our voyage begins aboard the deluxe, exclusively chartered Zafiro, a small expedition river boat and one of the few passenger vessels permitted to navigate the remote tributaries of the Peruvian Amazon and the pristine wetlands of Pacaya-Samiria National Reserve. English-speaking naturalists will guide us through this fragile biome to see endemic butterflies, endangered pink river dolphins, squirrel-sized tamarins, resplendent birdlife and enormous blooming water lilies. Gain further insight into the culture of ribereños (indigenous river people) during visits to two Amazon villages.

We continue to the Sacred Valley of Urubamba, the cradle of the mighty Inca Empire. This wondrous valley connects Machu Picchu and the UNESCO-designated, ancient Inca capital of Cuzco, evocative Inca temples and sublime colonial architecture. The highlight of our extraordinary Andean experience is an included visit to the UNESCO World Heritage Site of Machu Picchu—featuring more than 200 archaeological treasures built amid emerald green peaks, which deftly obscured the citadel from the outside world for over four centuries.

The perfect complement to your Peruvian expedition is the Lima Pre-Program Option in the coastal capital's historical center, a UNESCO World Heritage Site. We will share this departure with friends from the National Trust for Historic Preservation, and space is strictly limited. Make your reservation now while space and the extended booking discount is still available.

Sincerely,

Zack Langway '09  
Vice President for Alumni Relations

#### Faculty Lecturer

The Brown Travelers program strives to include a representative of Brown on each trip, and we will make every effort to provide an outstanding faculty lecturer for this departure. However, group travel is planned far in advance, and given the current very fluid nature of travel, we cannot guarantee confirmation of Brown faculty participation on this program. If for any reason we are unable to send an accompanying lecturer, please be assured that our tour operators all share our belief that travel should provide an opportunity to learn about the world in deep and meaningful ways, and the educational content of this tour remains very high.

*The safety and well-being of our travelers remains our highest priority. Cruise lines and some other providers of services (as well as, potentially, some countries) require all passengers traveling on our programs to present confirmation of a full COVID-19 vaccination, and, as well, passengers may have to produce evidence of a recent negative COVID test. All our staff are committed to adhering to all health and safety protocols from the start of your trip to the end as directed by the United States Centers for Disease Control and Prevention and overseas health officials as well as those protocols mandated by your cruise company (if applicable) and other suppliers of services. Detailed protocol information tailored to your travel program will be mailed to you along with additional pre-departure information.*

## PROGRAM HIGHLIGHTS

# Machu Picchu and the Sacred Valley

Cradled by the soaring peaks of the Andes Mountains, the Inca citadel of Machu Picchu evokes awe and wonder like few places on Earth. Our itinerary includes an extraordinary opportunity to experience the majesty of this “lost city of the Incas” and other treasures of the lush Sacred Valley. Built in the 15<sup>th</sup> century as a summer retreat for the Inca emperor Pachacuti, Machu Picchu was unknown to the outside world for four centuries until American explorer Hiram Bingham III discovered it in 1911. A century of extensive research and study still has not revealed the secrets of its purpose, its residents, or its abandonment; nevertheless, this UNESCO World Heritage Site has been carefully excavated and preserved. Our exploration of the Sacred Valley’s ancient engineering marvels also includes a visit to the fortress of Ollantaytambo, which stands as a lasting testimony to the powerful and far-reaching Inca Empire. Here, village craftsmen employ age-old techniques to weave intricate tapestries and sculpt colorful pottery. You will also discover the Inca stone fortress of Sacsayhuamán in the Inca capital of Cuzco and see the UNESCO-designated city’s grand Baroque- and Renaissance-style churches—a fascinating mix of pre-Columbian and colonial influences.
